

## Malaysian Naturalist

The Malaysian Naturalist published by the Malaysian Nature Society(MNS), the country's oldest and leading environmental NGO is a quarterly magazine aimed at promoting awareness of our natural history, conservation and sustainable development. The magazine acts as a portal for Malaysians and international partners to better acquaint themselves with MNS' efforts and conservation issues in and around the region.

If you have recently been on an adventure, photographed interesting wildlife or simply have a conservation issue you have an opinion on, we want your contribution! The MN is the perfect opportunity for conservation and eco-enthusiasts to share their experiences with like-minded readers. We are always on the lookout for fresh and exciting talent.
