5.4.1: Engage, maintain and expand membership of the Society through targeted membership drives and public campaigns.	Branch AGM & Newly Elected Branch Committee	<p><b>Sandakan Branch has been reminded to fix their branch AGM since April 2019. Up to date, still no update on their branch AGM. The delay of having the AGM will cause the deregistered by ROS for failure to comply with its regulations. Therefore, Council Exco's advice is needed to resolve this issue.</b></p> <p><b>Besides, the number of membership for Sandakan Branch has dropped to only 8 members. ( refer to membership summary report)</b></p>	5.4.1: Engage, maintain and expand membership of the Society through targeted membership drives and public campaigns.

ROS Submission for MNS HQ

The ROS e-filing has been done and will be submitted as soon as the checking is done.

Branch AGM 2020

With the spike in Covid-19 cases in the country, the Registrar of Societies (RoS) has banned all societies from holding any activity, including their annual general meetings (AGM) until the end of June. If the situation get critical, branches could apply to extend their branch AGM to avoid against their constitution. Because of this, we plan to send a letter to ROS to get their advice if we could have the virtual meeting or to postpone the AGM to a later date.

With regards to the AGM activities, I have contacted Pasu on Dec 2019 if Selangor Branch could assist in organizing for the AGM activities this year. Pasu has discussed with Selangor Branch Committee and Hon Yuen will take the lead on the activities. They planned to have pre AGM activities on 11 September 2020 (FRI) as our AGM is on 12 September 2020. The details will be discussed in the next Branch Committee on 1 April 2020. Furthermore, I have emailed Zaid and Habibun if they could help to organize activities at the Dark Cave and UCF. So far, no news from them yet. Will follow with them on this. About the Conference, I will discuss with Eda. But, with the Covid-19 virus spreading, it is not a good idea to have the conference this year and another reason is the cost of organizing it. For the AGM venue, we need to wait for Council Approval. FYI, I have invited three members to be the scrutineer for this year election, they are Bernie Chin, Chee Min Er, and Lisa Lim. They have experience on the past year election. Shim was informed about it and she will mention it in the next AGM for Council Approval. Besides, I have emailed Zaid and Habibun to get ask for their help in organizing the AGM activities.

# **Kelab Pencinta Alam (KPA )**

Strategies	Progress March 2020	Remarks/ Issues / difficulties
<p>5.2.2 Promote the establishment of Kelab Pencinta Alam in schools and link these to the network of MNS EECs, and promote Environmental Education to teachers and the Ministry of Education.</p>	<ul style="list-style-type: none"> <li>• <b>Raptor Watch 2020</b></li> </ul>	<p>A lot of schools has sent their confirmation by sending the list of students that will be participating to the event.</p> <p>Around 28 schools with a total of 1400 students and also 100+ teachers were planning to attend the event.</p> <p>Unfortunately, due to Covid 19 situation arises, a lot of schools pulled out. A circular letter was release by KPM regarding the restriction of any of the KPM Personnel to attend, endorsed any mass gathering events which include school students' participation. The letter was released at the very last minute which causing all the schools to pulled out.</p> <p>Although Raptor Watch was cancelled due to state government order, one school SMK (P) Methodist, Melaka visited Tanjung Tuan, on their own capacity and joined Nature Guide SIG group for nature guide activities. Briefing on rules and regulation, hand sanitation were made to ensure students' safety.</p>

**WORK FROM HOME ASSIGNMENT (COVID 19)**

- **KPA Membership Database Update**
  
- **TM Proposal**

The long overdue KPA schools' renewal/registered database was updated.

A new proposal on JELS 2020 with a new concept was drafted, and finalized. This new concept wanted to continue the previous idea on establishment of JELS programme in the first place; youth (students) as leaders that trained their fellow peers in environmental efforts. JELS 2020 proposal was intended to expand the target audience from school communities, to local communities.

As budget was one of the concern by TM in the beginning, the numbers of participated schools has to be reduced to 10 schools. The modus operandi of this project includes, provide personal trainings to 10 schools on basic environmental project management, budgeting, getting the involvement of the local communities (which highlight one of MNS strength) and also providing incentive for the schools to conduct the effort to tackle their local environmental issue.

The proposal was sent to TM team and we are awaiting their response.

In regards of the COVID 19 situation, a series of educational information to the KPA members were introduced on FB KPA Page.

- **KPA Facebook Page**

“Topik Kelab Pencinta Alam Harini” series can be a light infographic reading materials which topics revolves around COVID 19 outbreak such as zoonotic diseases, wildlife trade and etc. The series will be uploaded on each Monday, Wednesday and Friday with specific time (as recommended by FB page insight)

Amidst the virus outbreak with limited opportunity for students to have outdoor activities, EE e – learning was one of the option that can be introduced to the KPA members. Despite it was first introduced in TM proposal, the initial idea was to provide a platform for KPA members to gain access to educational materials, as KPA way forward.

- **KPA E – Learning**

A learning management system or known as LMS must be identified to execute this idea. Moodle, is an open source learning management system that offer free service but has limitation such as number of users and also data storage. However, it can be integrated to a company website or server to solve the limitation issue. More research required on how to implement on this idea. The course, or the e-learning materials can be provided by EE team or use the comprehensive existing EE modules.

- **Integrated KPA Programme Concept/ Corporate Sponsorship**

A comprehensive plan on integrated KPA Programme will be drafted. It will consist of proposals which intended to different corporate sponsors, with same programs but different locality on participation (which reduce the number of overall cost). One corporate sponsors will support a number of schools within the district/ zones. The sponsored schools will have a comprehensive learning and development opportunity for one whole year (this is to reduce the one – off learning).

For example, one corporate sponsors will support 5 - 8 schools within the same state to have a comprehensive learning on wetland which consist of training, practical learning throughout the year. On another states, another corporate sponsors will support 5- 8 schools to have a comprehensive learning on wildlife. This program will happened within the same time frame.

This will somehow integrated into the same goals of KPA Programme which is on environmental advocacy. This idea was developed as it is impossible to convince one corporate funder to finance all of KPA Programme. For reporting purposes, to reduce the conflict of branding between corporate funders, it will only include the performance of the schools which has been sponsored.

To increase the number of membership all over Malaysia.</li> <li>2. To promote KPA Youth at Higher Learning Institutes.</li> </ol> <p>To organize budget efficient events (i.e environmental talks, tree planting programs and workshops) in universities.</p>	<ol style="list-style-type: none"> <li>1. <b>MNS E- Membership Kit Development</b></li> <li>2. <b>MNS App Development Progress</b></li> <li>3. <b>Pencinta Alam Reporting Template</b></li> </ol>	<p>The membership unit with the help of our intern and volunteer will be producing a membership e-kit to be given to all new members upon registration. The e-kit will have necessary information about MNS including membership services, branch contacts and ways to be involved. The content page has been drafted and reviewed. The final draft of the kit will be available by end of April 2020.</p> <p>A second physical meeting was held with App Lab team on 23<sup>rd</sup> December regarding the progress of the app. The team presented the whole mock up of the app for suggestions and comments by us. We provided our feedback and mentioned that a few key features such as links to renewal and subscription as well reading platform for the naturalist to be included. App Lab took all our suggestions into account. The tentative date for second review will be in March 2020. The team also mentioned that training will be provided for staff to handle the backend engine. Currently the app development is pending due to the MCO as we unable to review the mockup.</p> <p>We will be working with the current Pencinta Alam Editor to prepare a</p>

Currently, only Selangor branch and MNS HQ actively promote their activities on Pencinta Alam(PA) . The PA newsletter has to be well utilised by all the other branches to ensure MNS is promoted equally among all other branches</p> <p>A thorough event page was created for RW 2020 programs and the website was updated regularly. Unfortunately the event was called off due to the COVID-19 outbreak. Hence , media announcements were made a day before the event and was blasted out through all MNS social media channels.</p>
